📍 Warsaw, Poland

SUMMARY

I am a **JavaScript** developer with **5 years** of commercial experience, specializing in **React and TypeScript**. For last **3 years** I have been working on **fintech solutions** for one of the biggest banks in the world. I hold a Bachelors degree in **Software Engineering**, which has given me a strong foundation in technical expertise and user experience design.

EXPERIENCE

GFT JavaScript Developer 10/2021 - Now 📍 Poland

Project Taurus for CITI Bank UK

React Typescript RXJS Redux Cypress RTL Styled Components

Worked on equity pre trade platform for in-house use of CITI bank traders and sales

Key Achievements

- **Expanded Market Data Capacity:** Successfully increased the number of supported quotes with live market data updates from approximately **10,000** up to **140,000**, significantly enhancing system scalability.
- **Delivered Key Functionalities:** Led the delivery of 4 major epics that introduced crucial features, including automated quote pricing, streamlining processes and improving efficiency.
- **Optimized Data Processing:** Optimized the data conversion process, reducing market data parsing time from 2800ms to 600ms, resulting in a **78% performance improvement**.
- **Release Management:** Effectively prepared scope and release candidate versions, ensuring timely and quality releases.
- **Knowledge Sharing:** Supervised and onboarded 6 new team members, conducting **2-3 knowledge-sharing sessions** per month to foster continuous learning and development.

Project for RICG

Fullstack JavaScript Developer 03/2024 - 07/2024 📍 Poland

Next.js Typescript Redux Stripe Strapi SCSS

Developed from scratch online e-commerce and e-learning platform

Key Achievements

- Integrated **Stripe** to enable all popular payment methods such as BLIK, Apple/Google pay, Przelewy24.
- Used **AWS S3 bucket** with **presigned access URLs** to protect the author`s content (lectures) from being easily stolen after being displayed in the in-built video player.
- Integrated Google OAuth to enable users to easily create accounts on the platform.
- Optimized build to achieve 38% better performance for end users.

CORE SKILLS

React Javascript Typescript

Redux RXJS Redux Toolkit

Styled components SCSS

CSS UI/UX React testing library

Next.JS Cypress Express

Node Java Amazon S3

EDUCATION

Polish-Japanese Academy of Information Technology

October 2018 - February 2023

Bachelor of Software Engineer

LANGUAGES

Polish C2 English C1 German B1

Ukrainian C2 Russian C2

CIGEN JavaScript Developer 12/2020 - 10/2021 📍 Remote

Project House shield

React Typescript Redux Node Tailwindcss Express.js

Developed React SPA web application for client from USA.

Key Achievements

- Created over 70 visually appealing and functional components based on Figma design, leading to improved user satisfaction and retention rate.
- Designed an interactive questionnaire with over 20 scenarios.
- Communicated directly with clients to troubleshoot and resolve several technical issues, resulting in improved client satisfaction.
- Improved test coverage for unit tests from 51% to 73% and test pass rate from 82% to 95%.

Project Caroi

React Typescript Redux

Developed platform used for organizing, monitoring and analyzing marketing campaigns.

Key Achievements

- Worked on new functionality for admin panel
- Improved support for mobile devices

S&T Internship → Junior JS developer 2019 -2020 📍 Kyiv, Ukraine

React Redux SCSS

Project service assurance for mobile operators

Working on project that helped analyzing data traffic for mobile operators.

Learning basic principles of working with React and Node js. Was engaged in real prod process of creating SPA and its maintenance.
